Dear parents and carers,

As we come to the end of this short half term, it has been wonderful to read your feedback and responses to our parent questionnaire. As a school, we are always seeking to improve what we do and the voice of parents is a key part of that. I was humbled by the overwhelming positivity and support shown in your feedback. Thank you for taking the time to let us know how things are going. I am delighted that so much is going well, but we are not complacent about the need to provide the very best for our children. We are still in the process of going through the specific queries and suggestions of what we could do even better and will be in touch to respond where you have indicated that you would like this to happen.

Our core focus is on the education, safety and care for the children of Woodhouse. The dedicated staff team work so hard to enable your child to have an excellent education, to develop their learning, to develop confidence and skills whilst building knowledge and understanding. We are continually seeking to improve this further, and as a staff we are committed to success. I am so pleased that so many of you recognise the hard work and quality of education on offer at our school.

Many of the responses indicated that we need to do better to share the impact and role that the Local Governing Board (LGB) members make to our school. The LGB is a crucial part of governing and running our school, so we will be featuring feedback and information about the LGB members in newsletters in the future, so that you can find out more about them. This will let you know what they have done to support and develop school and also about the progress our school is making. There will also be an annual LGB report to parents coming out with your child's report in July which will inform you about the work undertaken over the whole year.

Some parents expressed some concerns about the school meals which are provided by school, so we will work hard to listen to the children's views and see what we can do to improve this. We are always open to improvement, so the wonderful, hardworking Kitchen team will undertake a review of options and possible adaptations to the menu which we could make. As we have done previously, our school cabinet will have the chance to share children's views on what they do or don't like so that the healthy, nutritious meals provided are also going to be popular choices. As I am sure you can imagine, this is a tough balancing act to get right – but we will look at ways in which we can improve.

There were a few responses about the condition of the school buildings, especially some of the toilets in school. This is something which I am delighted to say is at quite an advanced stage in the refurbishment process for toilets in the main school building (Y5/6 and Y2/3/4). Through our position in the University of Wolverhampton Multi Academy Trust, we are being supported financially to make a significant investment in much better toilets for the children, and we are moving through the planning and inspection stage currently. Again, this is something which the school cabinet have been heavily involved in. We have invested in a number of areas to support the efficient use of our building and there are further planned improvement works still to come. We will continue to ensure that school is a welcoming and engaging learning environment in a positive state of repair.

We are a team at Woodhouse – children, families and staff. It is great that we can count on one another for support and constructive challenge to improve further. Thank you all for your engagement with this process.

Yours sincerely, Mr Oliver Wilson – Head Teacher

## Breakfast Price Amendments

From Monday June 3<sup>rd</sup> we will be amending some of the prices of items at our breakfast club.

The only items affected by the price amendments will be the hot breakfast items such as bacon and sausages. There will be a price increase of 5p per item.

The free breakfast offer and prices of drinks will not change. Tuck shop prices will also stay the same.

The reason for the price increases is because of price increases with our suppliers.

We will confirm the full price list closer to the time of the changes coming into force.

## There are Pirates in our School!

Our current topic in Year One is pirates. We had a pirate themed parent workshop on Tuesday this week where children were able to dress up as pirates and parents were invited in to help the children with a creative session. The afternoon got off with a great start by trying to get the parents to walk to plank! Unfortunately they refused! The atmosphere for the whole afternoon was great.

The scallywag children and their relatives were able to paint and decorate telescopes, create pirate maps, make eye patches using black card and elastic, design and make cutlasses out of cardboard and foil and make pirate hooks out of paper cups and foil.

We had a fantastic turn out of parents and everyone really enjoyed themselves and were able to take home their creations.

## Road Safety

With half term next week and the evenings getting lighter, we want to remind everyone about road safety.

We are seeing a lot of children playing out around school and having fun which is fantastic, but a number of staff have had to speak to children about running across the roads, cycling in and out of roads without looking and chasing footballs that have gone in the road.

Please speak with your children if they are playing out about being vigilant near the roads.

Year 4 have made these fantastic volcano pots over a number of art lessons. They have used clay and coiled it to make the shape of the volcano before painting them black and dripping paint down the sides to make this amazing lava effect.
