

How to add LetsLocalise to your home screen on iPhone?

Open www.letslocalise.co.uk in your browser on your iPhone.

Tap on the icon with the arrow pointing upwards.

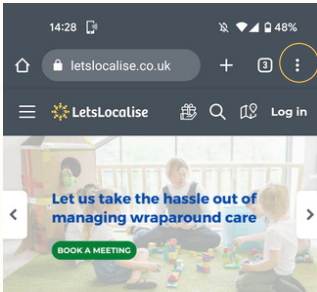

Choose 'Add to Home Screen' from the list shown.

You will then be requested to 'Add'; please do so.

With this, you have added LetsLocalise to your iPhone's home screen. You will find an icon there with the LetsLocalise logo, which will allow you to use the platform as an app.

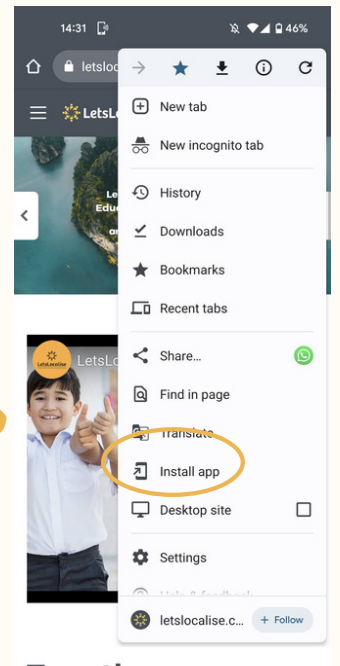

How to add LetsLocalise to your home screen on Android devices?

Open www.letslocalise.co.uk in your browser on your Android phone.

If you see the 'Add LetsLocalise to Home screen' message at the bottom, tap it.

If you can't see the 'Add LetsLocalise to Home screen' message, click on the 3 dots next to the navigation bar and choose 'Install app'

On the pop up screen, tap 'Install'.

With this, you have added LetsLocalise to your Android phone's home screen. You will find an icon there with the LetsLocalise logo, which will allow you to use the platform as an app.
